

100% natural & organic

K-Boost

NPK 3-1-15

Available in
25kg, 600kg
& 1.25tn
bags

SoilWorx K-Boost is a high potassium nutrition product perfect for potato crops. Made from a blend of manures and SOP, this organic-based fertiliser will provide nutrients to the crop whilst adding organic material back to the soil.

Potassium is an essential element in developing potato crops and aids in growth, yields and better tuber appearance.

Key benefits

-  High potassium content
-  Excellent choice on potato crops
-  Safe to handle
-  Kind to soil

*As K-Boost is a natural product, slight variations in analysis may occur. Figures given are average values.

Nutrient	Units	Typical analysis*
Nitrogen (N)	% w/w	3.0
Phosphorus (P)	% w/w	0.9
Potassium (K)	% w/w	14.8
Magnesium (Mg)	% w/w	0.5
Sulphur (S)	% w/w	5.5
Calcium (Ca)	% w/w	0.9
Organic matter	%	52.9
C/N ratio		9.8
