K-Boost

NPK 3-2-17

SoilWorx K-Boost is a high potassium nutrition product perfect for potato crops. Made from a blend of manures and SOP, this organic-based fertiliser will provide nutrients to the crop whilst adding organic material back to the soil.

Potassium is an essential element in developing potato crops and aids in growth, yields and better tuber appearance.

Key benefits

- High potassium content
- Excellent choice on potato crops
- Safe to handle
- Kind to soil
